

CHINESE OFFSHORE ISLANDS

1. Associated Press reports from Taipei that Chi Comms fired 90 rounds of artillery at the Quemoy area on 17 February, the heaviest firing in Quemoy area in several weeks.
2. Current shelling does not compare, however, with concentrated Communist fire last fall.
3. [REDACTED] many of Chi Comm guns around Quemoy have been withdrawn to protected points. They can be moved into firing position in short time.
